

Launch Planning Template

Date:

Grade Level:

Mathematical Focus:

Launch/Number Sense Routine:

[Describe, screenshot, and/or link the resource you will use in this routine, and any notes about how you will administer the routine - i.e. quick image, specific sequencing, questions to ask, etc.]

Possible Strategies:

[List strategies you think students *might* use]

Guiding Questions:

[What questions can you ask to elicit/explore these strategies?]

Possible Misconceptions:

[List misconceptions you think students might have during this routine]

Guiding Questions:

[What questions can you ask to clarify/explore these ideas?]

Who might this routine invite/include?

[Consider how this routine allows learners to access and engage with reasoning and math thinking]

Who might this routine exclude?

[Consider any ways this routine/image could prevent access or discourage engagement. Vary materials over time so that no one is persistently excluded.]

(Notes to be completed during/after Launch takes place)
